MIKE BAKER

[Mike Baker](#) is a globally renowned intelligence professional with over 17 years of experience serving as a covert field operations officer for the Central Intelligence Agency (CIA). In his remarkable career, he specialized in counterterrorism, counternarcotics, and counterinsurgency operations, serving in multiple hot spots around the world.

After his illustrious service at the CIA, Mike brought his extensive intelligence expertise to the media world. Known for his razor-sharp analysis and knack for unraveling complex security issues, he is a regular guest on prominent news outlets such as CNN, Fox News, and BBC. His insightful commentary on pressing global issues offers a unique perspective, making him a sought-after analyst.

As the co-founder of Portman Square Group, a private intelligence and security firm, Mike uses his extensive experience to advise clients on risk management, providing critical input on international investigations, due diligence, and security.

In addition to his media appearances, Mike Baker has also left his mark in the world of show hosting. His most notable work includes hosting "Black Files Declassified" on the Science Channel where he takes viewers on a thrilling exploration of America's covert operations. His ability to break down complicated themes and make them accessible for viewers has made him a beloved figure on TV.

Outside the media world, Mike is a captivating speaker, regularly invited to address audiences at conferences, events, and academic institutions. His speeches are renowned for their engaging narratives, practical insights, and thoughtful analysis, drawn from his vast experiences in the fields of intelligence and security. He has spoken on a variety of topics, including global security challenges, the impact of technology on espionage, and the role of intelligence in shaping foreign policy.

Mike Baker's multifaceted career—spanning intelligence, media, and public speaking—makes him a unique figure whose insights and perspectives are truly unparalleled. His commitment to sharing his wealth of knowledge makes him a highly desirable speaker, commentator, and consultant for those seeking an expert's view on global security matters.
